

SIDE H - Katherine, Mike

MIKE

Okay, I come in, first day on the job--

KATHERINE

He was designing our kitchen cabinets!

MIKE

Katie's on the stove working on something. I say, "Wow, that smells great. Only thing I know how to cook are seven layer bars." *(to Katherine)* Tell him what you said next.

KATHERINE

You tell him.

MIKE

It's funny when you say it!

KATHERINE

Seriously. You.

MIKE

Come on. She said... *(overlapping, at the same time)*

MIKE

Seven layer bars don't actually count as cooking.

(pause)

She hates seven layer bars.

KATHERINE

I said... Layers don't need... all those layers.. When you're cooking with.. The stuff.

(pause)

I love seven layer bars.

MIKE

And.. the two of us are writing our own vows.

KATHERINE

No.

MIKE

They're not done?

KATHERINE

No.

MIKE

Katie, I know how important it is for you to have all the details perfect. The vows are important to me. I want to stand up there with you tomorrow, in front of everyone we love, and say words that come from us. Why don't I read you what I've got so far?
